Re: CIP update

This request would add several capital improvement projects to the five-year capital plan that are not currently listed. We have noticed lately that some grant postings require municipalities to have the project identified on the Town's approved Capital Improvement Plan. I would suggest that these be added to the plan and be marked as seeking grant funds, or funding source not identified etc.

Feel free to add or remove projects from this list. The projects include:

1. Improvements to Pierson Park/Football Field – construction - \$3,000,000.00
2. Various drainage improvement projects – design - \$970,000.00
3. Various drainage improvement projects – construction - \$10,000,000.00
4. CHS Athletic/Parking improvements – construction - \$5,400,000.00
5. Community Center – design - \$200,000.00
6. Community Center – construction - \$40,000,000.00
