*The Girls* by Emma Cline

In northern California, during the violent end of the 1960s, a lonely and thoughtful Evie Boyd sees a group of girls in the park, and is immediately caught by their careless dress and their dangerous aura of abandon. Soon, Evie is in their thrall and is drawn into the circle of a soon-to-be infamous cult and the man who is its charismatic leader. Hidden in the hills, their sprawling ranch is eerie & run down, but to Evie it is exotic & thrilling. As she spends more time away from her normal life, and as her obsession intensifies, Evie does not realize she is coming closer and closer to unthinkable violence, and to that moment when everything can go horribly wrong.
