Director Schein reported on the fall programs. Soccer is at the half way point. No issues at this time. Most of the other programs are starting this week. Numbers are average at this time.

New Business, - First round of interviews were held on Tuesday, October 4, 2016. Dick Nobile served on the panel and reported that the most of the people interviewed were very good. He enjoyed learning how the different towns operated. Town Manager Salvatore is doing the next round but he is not sure when. The drainage project at Watrous Park is on going. Director Schein recommended that all commissioners take a look at it. Many trees behind the tennis courts and next to the softball fields were removed for this project that is over seven (7) feet deep. After this is done, the pipe will be put in across the parking lot, but she has been assured that the area will be usable every night and on week ends so no interruption of soccer.

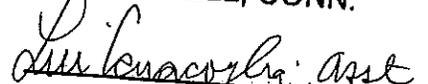

Old Business-None

Motion was made by Dick Nobile and seconded by Bill Konopka to adjourn the meeting at 7:25 PM. It passed unanimously.

Director Schein reported on the spring and summer programs. The spring lacrosse program did not have as many participants as expected and disappointed the department. The girls program ran well with about 12 participants but the boys program did very poorly. The summer went very well. Playground numbers were once again very high and had very few problems (all major ones were on the K-1 site) The pre-schoolers program numbers were lower than hoped for. Most of the other programs ran. The attendance at the summer concert series was high for the past few years—had two new bands—mixed reviews on them.

New Business, - fall brochures are going to the schools next week

Old Business-This was the perfect summer for the new splash pad. Temps were very high--- just a few minor issues but overall, no problems with it and all the other uses of the park.

Motion was made by Paul Cordone and seconded by John Schmaltz to adjourn the meeting at 7:45 PM. It passed unanimously.
