Motion was made by John Schmaltz and seconded by Paul Cordone to approve the minutes of the February 5, 2015 meeting. It passed.

No citizen's comments.

No correspondence.

Director Schein reported on the winter programs. The basketball league will end this weekend and the other programs are coming to a close. Things have gone very well despite the number of cancellations due to weather. The spring brochure will be going out the end of next week and planning for the summer is coming along.

New Business, - Director Schein presented the budget to the Town Council and it passed with the slight reduction in the towns subsidy to the Revolving Account that Town Manager Sistare proposed. The Revolving account is doing well that is the reason for the reduction.

Old Business- Director Schein will be presenting the designs for the Splash Pad to the Town Council at their next meeting. The bore holes still need to be done at Pierson to ensure that the area can handle this type of facility. The field use meeting went very well with only a few questions regarding what costs would be. Director Schein did not have that information but will get it from Mike Conant, Park Foreman, and forward to the groups.

No Commissioners comments.

Motion was made by John Schmaltz and seconded by Paul Cordone to adjourn the meeting at 7:35PM. It passed unanimously.
