Fax: (860) 632-3435

### **TOWN OF CROMWELL DISTRIBUTION OF BINAX COVID-19 AT-HOME RAPID TEST KITS**

The Town of Cromwell has received a limited number of Binax COVID-19 At-Home Rapid Test Kits and N95 Face Masks which were procured by the State of Connecticut. These test kits will be made available to Cromwell residents. At this time, the State of Connecticut is asking to prioritize distribution of this limited quantity of tests kits to symptomatic individuals and frontline workers as well as those who may have been exposed to the virus in the last 3-5 days. Town Manager Anthony J. Salvatore and Public Health Coordinator/Director of Emergency Management, Salvatore Nesci both agree that the timing of these test kits and mask distribution comes just in time for those who may have been exposed to the virus over the New Year holiday weekend and may need a test and cannot find a convenient location to get tested or purchase an at-home kit.

Drive-thru distribution will take place this Wednesday, January 5, 2022 at the Cromwell Town Hall parking lot located at 41 West Street in Cromwell. Distribution will run first come first served from 2 PM – 6 PM or while supplies last. Proof of residency will be required. Distribution will be limited to 1 test kit and 1 box of N95 masks per car. Additional kits may be made available in the future if supply allows.

Please understand that this is a short-term, interim solution with a limited number of kits attempting to slow the spread of the highly contagious OMICRON variant given the increased travel over the holidays.

For additional information, please contact the Cromwell Health Department/Office of Emergency Management at 860-632-3426.
