**Date: April 4, 2017**  
**Re: Resolution Authorizing Town Manager to Submit 2017 STEAP Grant Application**

---

I am requesting the Town Council pass a resolution authorizing the Town Manager to submit the 2017 STEAP Grant Application to the State of Connecticut Office of Policy and Management for the County Line Drive Intersection Improvements in the amount of \$500,000.

The purpose of this project is to make improvements to the County Line Drive/Shunpike Road (SR 3) intersection that will increase the intersection capacity and will allow easy movement of larger trucks through the intersection to accommodate increased traffic volumes expected to be generated by future development. These improvements are the next phase of the development of the Northern Industrial Tier Industrial Park by the Town of Cromwell. The intersection improvements consist of the addition of a dedicated outbound left turn lane and realignment and widening of approximately 500 linear feet of County Line Drive to be perpendicular to Shunpike Road. The roadway will consist of two 11' travel lanes with 4' wide shoulders on the westerly end of the project widening to one 13' inbound and two outbound lanes of 16' and 18' to accommodate WB-60 trucks. Grass strips and concrete curbing will be provided on both sides of the road and a 5' wide sidewalk will be constructed on the south side. The pavement cross section will consist of 3 1/2" of bituminous concrete, 12" of processed aggregate base and 6" of granular sub base.
